Aspiring to secure a position as a Software Developer where I can apply my strong technical skills, experience in software development, and passion for problem-solving to contribute to innovative projects and drive the success of the organization.

Education

MCA
Adhiyamaan College of Engineering
Year: 2022-2024 **Percentage:** 73.6%

B.Sc Computer Science
Sri Krishna Adithya College of Arts and Science
Year: 2019-2022 **Percentage:** 74%

HSC
John Dewey Matriculation Hr. Sec. School, Panruti
Year: 2018-2019 **Percentage:** 55.16%

SSLC
John Dewey Matriculation Hr. Sec. School, Panruti
Year: 2016-2017 **Percentage:** 79.8%

Projects

1. Automatic Number Plate Recognition

- Developed a robust Automatic Number Plate Recognition system using Python and OpenCV.
- Implemented image preprocessing techniques such as grayscale conversion and edge detection to enhance the quality of input images.Used Optical Character Recognition (OCR) to accurately extract text from vehicle registration plates.

2. College Grievance Management System

- Designed and developed a user-friendly web-based system for managing and resolving online grievances efficiently.
- Utilized HTML and CSS to create a responsive and intuitive front-end interface, Implemented server-side logic using PHP to handle user requests, data validation, and communication with the database.Integrated MySQL for efficient storage and status tracking.

Skills

- Web Design
- UI/UX Design
- DevOps
- Digital Marketing
- database

Work Experience

Intern at Emilda Solutions Hosur, Feb 2024 - May 2024

- Gained hands-on experience and knowledge in Back-End Development, working closely with a team of skilled developers.Assisted in database management, including designing schemas, writing queries, and integrating with the application.

Certifications

- **IoT Application Development**
- **Masterclass on Python Full Stack**
- **Mobile Application Development using React Native**

Technical Skills

- HTML
- CSS
- JavaScript
- Python
- MySQL
